Zaimar Group

**We make trade happen.
Since 1999.**

Zaimar Chemicals

Zaimar Chemicals is a company part of Zaimar Group, dedicated to the commercialization and representation of top chemicals manufacturers worldwide for promoting and trading innovative and high quality chemical solutions, which together and with our experience, values, and principles, allow us to give our customers the best products with the best service.

■ Chemical Products Portfolio

Our Strategic Partners

At Zaimar Chemicals, we provide innovative chemical solutions that help businesses improve processes, optimize production, and create greater value.

Backed by a network of globally recognized manufacturers, our portfolio spans industrial chemicals, specialty products, polymers, solvents, and performance materials for diverse industries.

By partnering with industry-leading producers, we ensure consistent quality, regulatory compliance, technical reliability, and long-term supply security, giving our customers a trusted partner for sustainable growth.

PLASTIC RESINS

POLYETHYLENE

- HDPE
- LDPE
- LLDPE
- mLLDPE

POLYPROPYLENE

- PP Homopolymer
- PP Copolymer
- PP Random
- Impact Copolymer PP

STYRENICS

- GPPS
- HIPS
- EPS
- ABS

ENGINEERING & SPECIALTY RESINS

- PC
- PET
- PVC Resin

ADDITIVES

- Masterbatch

*The products listed represent our core sourcing capabilities. Additional products are available upon request.

SOLVENTS

KETONES

- Acetone
- MEK
- MIBK

ALCOHOLS

- Methanol
- Ethanol
- IPA
- N-Propanol
- Isobutanol
- N-Butanol
- 2-Ethylhexanol

ESTERS

- Ethyl Acetate
- Butyl Acetate
- Methyl Acetate
- VAM

AROMATICS

- Toluene
- Xylene
- Ortho-Xylene
- Solvent Naphtha

CHLORINATED

- Methylene Chloride
- Perchloroethylene
- Trichloroethylene

*The products listed represent our core sourcing capabilities. Additional products are available upon request.

INDUSTRIAL CHEMICALS

ACIDS

- Acetic
- Citric
- Formic
- Phosphoric
- Sulfuric
- Nitric
- Hydrochloric
- Oxalic
- Boric

SALTS

- Sodium Carbonate
- Sodium Bicarbonate
- Sodium Sulfate
- Ammonium Chloride
- Calcium Chloride
- Magnesium Chloride
- Sodium Metabisulfite

ADDITIVES

- Titanium Dioxide
- Calcium Carbonate
- Zinc Oxide
- Barium Sulfate
- Pentaerythritol
- Carbon Black

ALKALIS

- Caustic Soda flakes / pearls
- Potassium Hydroxide

*The products listed represent our core sourcing capabilities. Additional products are available upon request.

POLYURETHANE RAW MATERIALS

ISOCYANATES

- TDI 80/20
- Polymeric MDI
- Pure MDI

POLYOLS

- Polyether Polyol
- Polyester Polyol
- Copolymer Polyol
- Polymer Polyol

*The products listed represent our core sourcing capabilities.
Additional products are available upon request.

COSMETICS & PERSONAL CARE

HUMECTANTS

- Glycerin
- Propylene Glycol
- Sorbitol

EMOLLIENTS

- Mineral Oil
- White Oil
- Lanolin

FUNCTIONAL INGREDIENTS

- Carbomer
- Allantoin
- Panthenol

SURFACTANTS

- SLES
- CAPB
- LABSA

*The products listed represent our core sourcing capabilities. Additional products are available upon request.

MINING CHEMICALS

COLLECTORS

- Dithiophosphates
- Aerofloat Reagents

PROCESS CHEMICALS

- Sodium Cyanide
- Copper Sulfate
- Flocculants

FLOTATION REAGENTS

- SIPX
- PAX

*The products listed represent our core sourcing capabilities. Additional products are available upon request.

WATER TREATMENT

COAGULANTS

- PAC
- Aluminum Sulfate
- Ferric Chloride

DISINFECTANTS

- Calcium Hypochlorite
- Sodium Hypochlorite

PH CONTROL

- Caustic Soda
- Hydrochloric Acid
- Sulfuric Acid

FLOCCULANTS

- Anionic PAM
- Cationic PAM
- Non-Ionic PAM

*The products listed represent our core sourcing capabilities. Additional products are available upon request.

Talk to one of our experts.

Let's explore how our global network of trusted manufacturers and technical expertise can help you secure the right chemical solutions for your industry's evolving needs.
